Adjustable Floor Stand Ordering Worksheet

1. What type of Floor Stand do you want?

- AC-AFM2**--Adjustable Floor Stand with black device pan and 5 wheels. (Device velcros into pan)

What type of device will the Floor Stand be supporting?

Name of device: _____ Made by: _____

- AC-AFQ2**--Adjustable Floor Stand with **CJT's standard device ball** and quickrelease system.

- AC-ASQ2**--Adjustable Floor Stand with **CJT's Super device ball** and quickrelease system.

2. What type of device will the Floor Stand be supporting?

Name of device: _____ Made by: _____

3. Do you have an existing device or will you be ordering a new device?

- I will be ordering a new device.**

(When ordering a new device be sure to tell the manufacture you **DO NOT** want their quick release back plate mounted to the back of your device.) CJT will provide you with a back plate and a quick release system.

- I have an existing device** with another Company's quick release back plate.
(I will need to contact CJT for my options)

- I have an existing device** with a CJT quick release back plate.
(I will NOT need to order a new quickrelease system from CJT.)

Special Note: If you want to use the device on both the Profiler and Floor Stand and be able to change back and forth be sure to order the same type of CJT's quick release system. (Example-You would order two standard quick release systems or two Super systems)

You can not interchange between a standard and a super system.
