- PLM-CTM-16**--Profiler-Lite Clamper switch mount. Height starts at 16" extends to 21"  
(Maximum weight load 3lbs)
- 

### 2. What type of switch will you be mounting?

Name of switch: \_\_\_\_\_ Made by: \_\_\_\_\_

Does the switch have a threaded screw hole allowing switch to be screwed onto the mount?

- No, I will need a plate with velcro to attach my switch
- Yes, The size of the hole is:  Standard 1/4-20  Metric 6mm-100
- Yes, but I would like a plate with velcro to attach my switch

Note: If you are not sure how to check the screw size contact the manufacturer.
