## Freedom adjustable table mount & The Portable table mount Ordering Worksheet

1. What type of Freedom table mount will you need?

- AC-FTM1**--The standard Freedom table mount comes with a 10" x 9" plate with velcro.  
**No quickrelease system.**

**What type of device will the Freedom Table mount be supporting?**

Name of device:\_\_\_\_\_ Made by:\_\_\_\_\_

- AC-FTMQ**--Quick release Freedom table mount. **You will need to order the device quick release separately. Please see next page for device plate product codes.**

**Do you have an existing device or will you be ordering a new device?**

- I will be ordering a new device.**

(When ordering a new device be sure to tell the manufacture you **DO NOT** want their quick release back plate mounted to the back of your device.) CJT will provide you with a back plate and a quick release system.

- I have an existing device** with another Company's quick release back plate.  
( I will need to contact CJT for my options)

- I have an existing device** with a CJT quick release back plate.  
(I will NOT need to order a new quickrelease system from CJT.)

---
